Dear Phyllis:

Thank you for your letter of 27 May 1948. Attached are signed blank vouchers you enclosed. Coincidentally, the day after it arrived the same typewriter broke again - this time the little carriage spring or some such; so the bill for that repair is also enclosed. I'm very sorry this is causing you so much difficulty.

Since we have not received any word from our new boss yet, we have all been hesitant about summer plans etc.; in my own case, however, I will be away toward the end of June for two weeks Navy reserve training. I don't know just what dates yet but will fill out a regular leave request form as soon as I know.

Thank you again and remember that even if we must part there is no law against writing us a friendly note if you or anyone there feels so inclined.

Sincerely,

[Redacted Signature Box]
